

PRICING | The Image Experience

When you book a Finian Road photo shoot, you have the chance to capture your family just as they are... right now. From the family together to capturing each of the children's personalities on their own, it's all included in the Finian Road "Image Experience".

With the shoot, your fee covers both the time + talent of Finian Road. In addition, the fee also gives you the highly sought-after feature of the digital negatives.

Our pricing is very straightforward, giving you the opportunity to develop the images as you wish without upcharging you for printing.

There are two basic flat rate pricing options.

The location of the shoot determines the price, based on the distance from Finian Road in Rainier, Thurston County. Washington state sales tax is collected based on the current rate in Thurston County (at present, 7.9%).

A \$100 non-refundable retainer is required to reserve your date for the shoot. The retainer will be applied toward your shoot fee.

For directly adjacent counties to Rainier, the price is \$425 + tax. These counties include: Thurston, Pierce, and Lewis.

For non-adjacent counties, the price is \$475 + tax. These counties include: Grays Harbor, Mason, Kitsap, King, Snohomish, and Island County.
