

## PRICING | Multi-Shoot Plans

Often times, you may want to capture your child or children over a period of time. Instead of purchasing each shoot individually, Finian Road has two pricing plans for multiple shoots.

With each shoot, your fee covers both the time + talent of Finian Road. In addition, the fee also gives you the highly sought-after feature of the digital negatives. Each plan has specific bonuses as well.

### The Simplicity Plan Experience

The fee covers three shoots over a two year period. In addition, you receive 25 5x7 printed announcements (which can be used as birth announcements or holiday cards). Popular timing includes children's birthdays or holidays.

### The Signature Plan Experience

The fee covers five shoots over a two year period. In addition, you receive 50 printed announcements and a hard bound album at the end of the plan, featuring a selection of images from each shoot. Popular timing includes newborn, three months, six months, nine months, and one year old.

The location of the shoot determines the price, based on the distance from Finian Road in Rainier, Thurston County. Washington state sales tax is collected at 7.9%.
